Forecast for Friday 19 Mar 2021

Weather: A dull, perhaps drizzly start with areas of low cloud shrouding the hills. Cloud will gradually lift through the afternoon with some brightness developing, and cloud may break to give some afternoon sunshine. Winds turning light.

Chance of cloud free mountain/hill tops above 700m: No chance initially improving to 70% through afternoon as this cloud lifts and breaks.

Visibility: Extensive cloud above 400-500m lifting and breaking through the afternoon, although a few patches remain at summit level. Generally no issues under the cloud base.
